

Meet Jennifer

Caring | Educating | Communicating

My passion is helping maximize my clients' profits on every real estate purchase and sale. Helping people is why I chose real estate. Listening to my clients, understanding their goals, and answering any questions is a top priority in order to help my clients achieve success. Clear communications are a key component. My goal is to create positive experiences from start to finish, building relationships that last because of impeccable service.

In addition to my 15+ years in real estate, I worked 7 years as a portfolio association manager for condos and HOAs at Morris Management, Inc. I assisted as many as 1,500 homeowners in 11 communities, worked closely with the Board of Directors, and oversaw many property repair and maintenance projects. During that time I also held esteemed CMCA & AMS designations.

I'm happy to put my experience to work for you!
